THE RECEIVER'S SECOND VERIFIED MOTION TO APPROVE THE PRIVATE SALE OF REAL PROPERTY – SPECIFICALLY, 13318 LOST KEY PLACE, LAKEWOOD RANCH, FLORIDA 34202

Burton W. Wiand, as receiver over the assets of the above-captioned defendants and relief defendants (the "Receiver" and the "Receivership" or "Receivership Estate") moves

the Court to approve the sale of 13318 Lost Key Place, Lakewood Ranch, Florida 34202 (the "**Property**") to Raymond Abreu (the "**Purchaser**") for \$1,100,000.¹ A copy of the Purchase and Sale Agreement is attached as **Exhibit 1** (the "**PSA**"). As explained below, the Receiver believes the proposed sale is commercially reasonable and will result in a fair and equitable recovery for the Receivership Estate.

BACKGROUND

At the request of the Commodity Futures Trading Commission ("CFTC"), the Court appointed the Receiver on April 15, 2019 and directed him, in relevant part, to "[t]ake exclusive custody, control, and possession of the Receivership Estate," which includes "all the funds, properties, premises, accounts, income, now or hereafter due or owing to the Receivership Defendants, and other assets directly or indirectly owned, beneficially or otherwise, by the Receivership Defendants." Doc. 7 at p. 14, ¶ 32 & p. 15, ¶ 30.b.

The Court also directed the Receiver to develop a plan for the liquidation of Receivership assets (Doc. 44 ¶¶ 51, 52), which the Receiver filed on June 7, 2019 (Doc. 103) (the "Liquidation Plan"). That same day, the Receiver moved the Court to approve (1) the Liquidation Plan, (2) a Memorandum of Understanding (the "MOU") between the Receiver and the United States Marshals Service ("USMS"), and (3) a Consent Forfeiture Agreement (the "Consent") between the Receiver and the Department of Justice ("DOJ"). Doc. 105. The Court granted the Receiver's motion and approved the attached documents on June 13, 2019.

This is the Receiver's second motion with respect to this Property because the previous purchasers were unable to close the transaction due to a tax issue. They paid the Receiver \$10,000 as a form of damages, thereby reimbursing the fees and costs incurred with respect to the unsuccessful transaction. *See* Docs. 297, 308, 320, 321.

Doc. 112. On July 11, 2019, the Court entered a Consolidated Receivership Order (Doc. 177) (the "Consolidated Order"), which combined and superseded two prior orders (Docs. 7 & 44) and is now the operative document governing the Receiver's activities.

The Procedures Applicable to Sales of Real Property

The Consolidated Order requires the Receiver to obtain Court approval of sales of real (as opposed to personal) property:

Upon further Order of this Court, pursuant to such procedures as many be required by this Court and additional authority such as 28 U.S.C. §§ 2001 and 2004, the Receiver will be authorized to sell, and transfer clear title to, all real property in the Receivership Estates. The parties agree the Receiver can move the Court to waive strict compliance with 28 U.S.C. §§ 2001 and 2004.

Doc. 177 ¶ 40. The procedures applicable to private sales of receivership real estate are set forth in 28 U.S.C. § 2001(b) ("Section 2001(b)"):

After a hearing, of which notice to all interested parties shall be given by publication or otherwise as the court directs, the court may order the sale of such realty or interest or any part thereof at private sale for cash or other consideration and upon such terms and conditions as the court approves, if it finds that the best interests of the estate will be conserved thereby. Before confirmation of any private sale, the court shall appoint three disinterested persons to appraise such property or different groups of three appraisers each to appraise properties of different classes or situated in different localities. No private sale shall be confirmed at a price less than two-thirds of the appraised value. Before confirmation of any private sale, the terms thereof shall be published in such newspaper or newspapers of general circulation as the court directs at least ten days before confirmation. The private sale shall not be confirmed if a bona fide offer is made, under conditions prescribed by the court, which guarantees at least a 10 per centum increase over the price offered in the private sale.

28 U.S.C. § 2001(b).² As noted above and in the Consolidated Order, the Receiver can move the Court to waive strict compliance with these procedures, but as explained below, the Receiver has substantially and materially complied with the statute.

The Civil Forfeiture of the Property

On April 17, 2019, the DOJ, through the United States Attorney's Office for the Middle District of Florida, filed a civil forfeiture action against the Property and several others. *See United States of America v. 13318 Lost Key Place, Lakewood Ranch, Florida et al.*, Case No. 8:19-cv-00908 (M.D. Fla.) (Doc. 1 ¶ 1) (the "**Forfeiture Action**" or "**FA**"). To avoid unnecessary litigation between the Receiver and the government or other interested parties, the Receiver consented to the forfeiture of the Property (among others), which Consent this Court approved. *See* Docs. 105, 112.

On June 26, 2019, the DOJ filed a motion for judgment of forfeiture regarding, in relevant part, the Property (FA Doc. 53), and the court in the Forfeiture Action granted the DOJ's motion on July 16, 2019 (FA Doc. 60) (the "Forfeiture Order"). The court recognized claims against the Property, in relevant part, by (1) the Manatee County Tax Collector and (2) the pertinent homeowners association. FA Doc. 60 at 3-4. FA Doc. 60 at 3-4. The court then condemned and forfeited all right, title, and interest in the Property to the United States "for disposition according to law." *Id.* at 4. The court held that "[c]lear title to the [Property] is now vested in the United States," subject to the claims described above. *Id.*

² Section 2001(b) governs here because this is a private sale of real property and because 28 U.S.C. §§ 2001(a) and 2004 deal with public auctions and personal property, respectively.

The Receiver's Role under the MOU in Cooperation with the USMS

The USMS and the Receiver executed an MOU, which establishes procedures for the liquidation of the Property (and others at issue in the Forfeiture Action). Doc. 105, Ex. B. According to the MOU, "[t]he Receiver has sole discretion to decide the logistics of the sale of the Forfeited Receivership Assets, on the terms and in the manner the Receiver deems most beneficial to the Receivership Estate and with due regard to the realization of the true and proper value of such property." *Id.* § VI.C. The MOU also recognizes that "[a]ll sales of Receivership Assets, including Forfeited Receivership Assets, must comply with the provisions set forth in the Receivership Orders [now, the Consolidated Order]." *Id.* § III. Finally, the MOU authorizes the Receiver to deduct certain "Asset Expenses" from the proceeds of the sale, which are defined as "direct expenses necessary to safeguard, maintain, advertise, and sell" the assets, including "closing costs, publication costs, and broker fees or commissions." *Id.* § IV.D.

At closing, the Receiver and the United States will transfer the Property to the Purchaser, as set forth in the PSA.³ After the Receiver sells the Property (or any other forfeited property), the Receiver will deduct any Asset Expenses and transfer the net proceeds to the USMS for deposit in the Department of Justice Asset Forfeiture Fund. *Id.* § IV.E. Once all properties have been sold, the Receiver will file a petition for remission with the DOJ, and the sale proceeds will be returned for distribution to defrauded investors through the ongoing

³ The United States, by its consent to this motion, and the USMS, by its consent to the PSA, authorize the Receiver to transfer the interest of the United States in the Property to the Purchasers pursuant to a Receiver's Deed.

claims process established by the Court. As noted above, the Court has already approved the MOU and its contents. *See* Docs. 105, 112.

The Property, the Receiver's Marketing Efforts, and the Proposed Sale

Defendant DaCorta was the authorized representative of 13318 Lost Key Place, LLC – the limited liability company that owned the Property until its forfeiture. The Property was purchased with scheme proceeds – *i.e.*, money contributed to the scheme by victim investors. The Property has five bedrooms and five and one-half bathrooms.⁴ It was purchased for approximately \$1,000,000 in 2016. There is currently no mortgage on the property.

The Receiver's marketing efforts included listing the Property for sale on his website⁵ and retaining Coldwell Banker to advertise the Property through various means. The list price was originally \$1,235,000. The sale price represents a gross recovery of \$1,100,000 for the ultimate benefit of the Receivership Estate and a profit of \$100,000 over the purchase price.

To further ensure the fairness of the sale price, the Receiver has obtained an appraisal or a broker's price opinion from each of three disinterested sources, which are attached as **Exhibits 2-4** (the "**BPOs**"). According to the BPOs, a reasonable sale price for the Property would be between \$1,000,000 and \$1,200,000. As demonstrated by these exhibits, the \$1,100,000 sale price is within this range and is thus fair and reasonable.

Section 2001(b) Publication

To satisfy the publication requirement of Section 2001(b), the Receiver will publish the terms of the sale for one day in the Sarasota Herald Tribune, which is regularly issued and of

www.coldwellbankerhomes.com/fl/lakewood-ranch/13318-lost-key-pl/pid_34215613/

⁵ www.oasisreceivership.com/assets-for-sale/13318-lost-key-place/

general circulation in the district where the Property is located. A copy of the notice is attached as **Exhibit 5**. The Receiver will also publish this motion and the notice on his website – www.oasisreceivership.com. No less than 10 days after publication of the notice, the Receiver will inform the Court whether any potential purchaser submitted a "bona fide offer," as contemplated by Section 2001(b). Given these circumstances and the existence of ready-and-willing Purchaser, the Receiver believes that approval of the proposed sale pursuant to the Liquidation Plan and Section 2001(b) is commercially reasonable, fair and equitable, and will ensure a cost-effective recovery for the ultimate benefit of the Receivership Estate.

ARGUMENT

The Court's power to supervise an equity receivership and to determine the appropriate actions to be taken in the administration of the receivership is extremely broad. *S.E.C. v. Elliott*, 953 F.2d 1560, 1566 (11th Cir. 1992); *S.E.C. v. Hardy*, 803 F.2d 1034, 1038 (9th Cir. 1986). The Court's wide discretion derives from the inherent powers of an equity court to fashion relief. *Elliott*, 953 F.2d at 1566; *S.E.C. v. Safety Finance Service, Inc.*, 674 F.2d 368, 372 (5th Cir. 1982). A court imposing a receivership assumes custody and control of all assets and property of the receivership, and it has broad equitable authority to issue all orders necessary for the proper administration of the receivership estate. *See S.E.C. v. Credit Bancorp Ltd.*, 290 F.3d 80, 82-83 (2d Cir. 2002); *S.E.C. v. Wencke*, 622 F.2d 1363, 1370 (9th Cir. 1980). The court may enter such orders as may be appropriate and necessary for a receiver to fulfill his duty to preserve and maintain the property and funds within the receivership estate. *See*, *e.g., Official Comm. Of Unsecured Creditors of Worldcom, Inc. v. S.E.C.*, 467 F.3d 73, 81 (2d Cir. 2006). Any action taken by a district court in the exercise of its discretion is subject to great

deference by appellate courts. *See United States v. Branch Coal*, 390 F.2d 7, 10 (3d Cir. 1969). Such discretion is especially important considering that one of the ultimate purposes of a receiver's appointment is to provide a method of gathering, preserving, and ultimately liquidating assets to return funds to creditors. *See S.E.C. v. Safety Fin. Serv., Inc.*, 674 F.2d 368, 372 (5th Cir. 1982) (court overseeing equity receivership enjoys "wide discretionary power" related to its "concern for orderly administration") (citations omitted).

Given these principles, the Court should approve the proposed sale for at least six reasons. First, the Receiver is complying with Section 2001(b). Specifically, he obtained three valuations, and the sale price is within the estimates disclosed in those valuations. *See* Exs. 2-4. Section 2001(b) provides that "[n]o private sale shall be confirmed at a price less than two-thirds of the appraised value" – here, \$733,333 based on an average of the three highest valuations. The \$1,100,000 sale price is well above that amount. Shortly after filing this motion, the Receiver will publish notice of the proposed sale and its terms in the Sarasota Herald Tribune. After the expiration of the 10-day statutory window, the Receiver will advise the Court whether any individual or entity submitted a "bona fide offer" – *i.e.*, an offer 10% higher than the current sale price. If no one objects to this motion or submits a "bona fide offer," to conserve resources, the Receiver asks that the Court grant the motion without a hearing. *See* Doc. 177 ¶ 40 ("The parties agree the Receiver can move the Court to waive strict compliance with 28 U.S.C. §§ 2001 and 2004.).

Second, as noted above, the sale price represents a gross recovery of \$1,100,000 for the ultimate benefit of the Receivership Estate and a profit of \$100,000 over the purchase price.

Third, the United States and the USMS are the only parties with an interest in the Property under the Forfeiture Order (aside from the forfeiture claimants who will be paid at closing), and both the United States and the USMS consent to the transaction, as evidenced below and in the PSA. The Receiver is not aware of any other encumbrances. Under such circumstances, the Consolidated Order authorizes the Receiver (in conjunction with the United States) to transfer clear title to the Purchasers. *See* Doc. 177 ¶ 40.

Fourth, the existence of a ready-and-willing Purchaser will ensure an efficient and costeffective recovery for the Receivership Estate, and in the Receiver's opinion, the sale price is at or near the maximum price that can be anticipated for the sale of this residential home. In fact, the sale price is identical to the price already approved by the Court in connection with the Receiver's first motion to sell the Property.

Fifth, sale of the Property will eliminate the Receiver's need to pay for additional upkeep and carrying costs on the Property, including insurance, utilities, and repairs. To date, the Receiver has spent more than \$35,000 maintaining and safeguarding the Property. The Receiver will recover those costs as Asset Expenses under the MOU.

Sixth, this is an arms'-length transaction with an independent, third-party Purchaser.

CONCLUSION

For the reasons discussed above, the transaction is commercially reasonable, fair and equitable, and will ensure a cost-effective recovery for the ultimate benefit of the Receivership Estate. As such, the Receiver requests an order, in substantially the form attached as **Exhibit 6**:

(1) approving the transaction and the PSA and (2) ordering that the Receiver may transfer title

to the Property by Receiver's Deed to the Purchaser, free and clear of all claims, liens, and encumbrances, including without limitation the interests of the Receiver and the United States.

WHEREAS, the Buyer desires to purchase the Property and Seller desires to sell the

Property, all on the terms and conditions hereinafter set forth.

NOW THEREFORE, in consideration of the mutual covenants set forth herein and other good and valuable consideration, the Parties agree as follows:

AGREEMENT

- 1. Property: The Seller agrees to sell and convey, and Buyer agrees to purchase and pay for, all pursuant to the terms and conditions hereinafter set forth, the Property consisting of all of Seller's right, title, and interest in and to the Property, more particularly described on Exhibit "A" attached hereto. The Property shall include all appurtenant rights, privileges, and easements, all buildings and improvements, free from all encumbrances whatsoever, except restrictions and easements of record, zoning ordinances, and taxes and assessments, both general and special, not currently due and payable. PROPERTY SOLD "AS IS".
- **2.** Purchase Price & Contingencies: The Purchase Price shall be One-Million, One-Hundred Dollars (\$1,100,000.00).

This Agreement is contingent upon (1) compliance with the publication procedures required by 28 U.S.C. § 2001(b), and (2) the non-receipt by Seller of a bona fide offer, under conditions prescribed by the Court, as described in 28 U.S.C. § 2001(b) (a "Bona Fide Offer"). Buyer understands and acknowledges that 28 U.S.C. § 2001(b) prohibits the Court's approval and confirmation of the transaction contemplated by this Agreement if Seller receives a Bona Fide Offer. As such, upon receipt of a Bona Fide Offer, Seller shall have the exclusive right to terminate this Agreement, and Buyer's sole and exclusive remedy for such termination is limited to the return of its Earnest Money Deposit, as defined and set forth below. If the Seller does not receive a Bona Fide Offer after compliance with the publication procedures required by 28 U.S.C. § 2001(b), this Agreement is further contingent upon Seller obtaining an Order in substantially the form as Exhibit "B" attached hereto (the "Order") approving: (1) the sale of the Property described in Exhibit "A" to Buyer free and clear of all liens, claims, encumbrances, and restrictions as provided for in the order of the United States District Court approving this transaction and (2) Buyer's quiet enjoyment of all assets assigned to and assumed by Buyer (collectively, the "Contingencies").

In the event that Seller receives a Bona Fide Offer or the Court does not approve of the sale of the Property, i.e., if the Contingencies are not satisfied on or before the Closing Date, Buyer acknowledges and agrees that its <u>sole and exclusive remedy</u> is to seek return of the Earnest Money Deposit, as defined below, from Seller. This Agreement, when duly executed by the Parties, constitutes the express waiver in writing of any other remedy, whether legal or equitable, that may be available to the Buyer.

THIS AGREEMENT IS CONTINGENT ON THE SALE AND CLOSING OF BUYER'S PROPERTY LOCATED AT 7025 VILAMOURA PLACE, LAKEWOOD RANCH, FLORIDA 34202. SELLER SHALL HAVE THE RIGHT TO CONTINUE TO MARKET THE PROPERTY FOR SALE UNTIL SUCH TIME AS BUYER EITHER WAIVES OR REMOVES THIS CONTINGECNY OR SELLER ADVISES BUYER THAT IT HAS AN ALTERNATIVE BUYER FOR THE PROPERTY IN WHICH EVENT THE ESCROW

DEPOSIT SHALL BE FULLY REFUNDED TO BUYER, THEREBY RELEASING BUYER AND SELLER FROM ALL FURTHER OBLIGATIONS UNDER THIS CONTRACT. BUYER SHALL IMMEDIATELY PROVIDE WRITTEN NOTICE TO SELLER EITHER: A) TERMINATING THIS AGREEMENT IN WHICH EVENT THE ESCROW DEPOSIT SHALL BE FULLY REFUNDED TO BUYER, THEREBY RELEASING BUYER AND SELLER FROM ALL FURTHER OBLIGATIONS UNDER THIS CONTRACT; OR B) WAIVING AND REMOVING THIS CONTINGENCY AND CONTINUE WITH THIS AGREEMENT.

3. Escrow Agent and Earnest Money Deposits: Najmy Thompson, P.L 3400 S. Tamiami Trail, Suite 201, Sarasota, FL 34239 shall serve as the Escrow Agent. Within three (3) business days after full execution of this Agreement by the Parties the Buyer shall deposit the sum of Forty-Thousand Dollars (\$40,000.00) in readily available funds as an earnest money deposit ("Earnest Money Deposit") into the IOTA trust account of Najmy Thompson, P.L Subsequent to the satisfaction of the contingencies outlined in this Agreement, the Earnest Money Deposit shall only be refundable if the United States District Court refuses to approve the motion for sale or if the United States District Court approves the sale of the Property to a competing bidder.

The Earnest Money Deposit shall be credited at Closing towards the Purchase Price to be paid to Seller by Buyer for the Property under the terms of this Agreement. The terms of this Agreement shall serve as the escrow instructions for this transaction.

- **4.** Conditions of Escrow: Seller shall, on or before the date of Closing, make reasonable efforts to obtain approval from The United States District Court, Middle District of Florida to sell the Property pursuant to the terms of this Agreement. After the satisfaction of the contingencies in this Agreement if the Buyer withdraws from this Agreement prior to the approval of the sale, or if the Court approves the sale of the Property pursuant to the terms of this Agreement and the Buyer fails to perform under this Agreement except as to any rights the Buyer may have under paragraphs 5, 8, 9 or 10, the Earnest Money Deposit shall be delivered immediately to Seller as liquidated damages for Buyer's failure to perform. In the event that the Court fails to approve this Agreement or the Buyer terminates the Agreement solely as provided for in paragraphs 5, 8, 9 or 10, this Agreement shall be null and void and of no further force and effect and neither Seller nor the Buyer shall have any further obligations hereunder to the other and the Earnest Money Deposit shall be delivered immediately to Buyer. Should Seller fail to perform any obligation under this Agreement for any other reason, the Buyer's sole remedy shall be to seek return of all funds deposited in connection with this Agreement.
- 5. Financing Contingency and Appraisal: Buyers shall have thirty (30) days from the date of this Agreement to obtain a written loan commitment for a conventional loan in the principal amount of at least 45% (\$495,000.00) of the Purchase Price with an interest rate not to exceed the then prevailing rate based upon the Buyers' creditworthiness (collectively the financial terms in this sentence shall be referred to as "Loan Terms"). In the event that the Buyers fail to obtain a loan commitment consistent with the Loan Terms, this Agreement shall be null and void and of no further force and effect and neither Seller nor the Buyers shall have any further obligations hereunder to the other and the Earnest Money Deposit shall be delivered immediately

to Buyers. If the Buyer obtains a loan commitment consistent with the Loan Terms herein and then the Buyers fail to perform under this Agreement, the Ernest Money Deposit shall be delivered immediately to Seller as liquidated damages for Buyers' failure to perform.

This Agreement is contingent upon the Buyers or Buyers' Lender obtaining, at Buyers' expense a written appraisal from a licensed Florida appraiser, stating the appraised value of the Property is at least \$1,100,000.00. If the appraisal states that the appraised value of the Property is less than the above value, Buyers may, within three (3) business days after receipt of the appraisal deliver written notice to Seller (with a copy of the appraisal), either: a) terminating this Agreement in which event the Earnest Money Deposit and Additional Earnest Money Deposit paid shall be refunded to Buyers; thereby releasing Buyers and Seller from all obligations under this Agreement; or b) waiving and removing this contingency and continuing with this Agreement without regard to the appraised value of the Property. If Buyers fail to timely deliver notice of Buyers' exercise of the right to terminate granted herein this paragraph, this contingency shall be waived and removed, and Buyers will continue with this Agreement.

- Closing and Closing Agent: Unless extended by mutual agreement of the Parties, Closing shall take place within thirty (30) days after The United States District Court, Middle District of Florida's approval of the sale, with Buyer to provide written notice specifying the actual closing date at least three (3) business days before such closing date. All funds and documents required to be deposited hereunder shall be deposited into escrow prior to Closing. The term "Closing" as used herein shall mean the date all contingencies provided in this Agreement shall be satisfied or waived by written instrument and the date the Receiver's Deed in substantially the form as Exhibit "B" attached hereto has been recorded. Najmy Thompson, P.L shall serve as the Closing Agent.
- 7. <u>Conveyance of Title</u>: When the funds to be paid by Buyer together with all documents required to be deposited by Buyer pursuant to this Agreement have been deposited into escrow, then Seller shall deliver into escrow title to the Property. Seller will convey title via Receiver's Deed in substantially the form as Exhibit "B" attached hereto.
- **8.** Evidence of Title, Survey and Closing Costs: Buyer, at Buyer's cost and expense, may obtain evidence of title, a title abstract, title insurance and/or a survey of the Property. At Closing, Buyer shall pay: (i) all title examination fees; (ii) survey costs or any costs to update surveys; (iii) to update recording costs on documents necessary for Seller to clear title (to the extent such action is required); (iv) any premiums for a title insurance policy; (v) all transfer taxes payable in connection with the delivery for recording of any title transfer instrument or document by Seller provided in or contemplated by this Agreement; (vi) all charges for escrow services; (vii) all survey and appraisal costs; (viii) mortgage taxes (if any); (ix) the cost of any environmental reports; (x) all fees of the Closing Agent; and (xi) Buyer's legal, accounting and other professional fees and expenses and the cost of all certificates, instruments, documents and papers required to be delivered, or to cause to be delivered, by Buyer hereunder, including without limitation, the cost of performance by Buyer and the obligations hereunder.

At Closing, Seller shall pay: (i) Seller's legal, accounting and other professional fees and expenses and the cost of all certificates, instruments, documents and papers required to be delivered, or to cause to be delivered, by Seller hereunder, including without limitation, the cost of performance by Seller of its obligations hereunder.

RE: 13318 Lost Key Place Lakewood Ranch, FL 34202

Friday, July 24, 2020

Thank you for the opportunity to provide our opinion of value for the property referenced above.

Based on my review of the property, I would offer the following observations about the property and its potential value:

The property is located in LAKEWOOD RANCH; known for Award-Winning New Homes in now, 21 Actively-selling Villages, each with its own Style and Amenities. A-Rated Schools, Sports Campus, Farmers Market, Polo Grounds, 365 days of Activities, Parks and Trails.

The property is known for its amenities and golf. 3 golf courses: Cypress Links-designed by Arnold Palmer, Kinds dunes- designed by Arnold Palmer and Royal Lakes- designed by Rick Robbins. Lakewood Ranch Golf and Country Club offers two grand club houses, state of the art 24 hour access, 18,000 square foot fitness center, 20 lights tennis courts, olympic style lap pool, and pickleball. The club offers various membership levels to satisfy members needs.

The property is a single family, lakefront, residence located in the Lakewood Ranch Country Club. This property has 5 bedrooms and 5 bathrooms being 4,948 sqft. It sits on a 1/3 acre lot and has a 3 car garage. The property is in need of extensive deferred maintenance. There are water stains and some roofing issues which negatively affect the value considering the cost of a roof this size. The highest and best use for this property is owner occupied.

The following are sales of comparable properties located in the Lakewood Ranch Country Club and reflect the current market for this type of property.

- 13515 Matanzas Pl, Lakewood Ranch, FL, 34202 Sold \$1,075,000, 4,427 SqFt, 5 bedroom 4 full bath, 2 half bath, 0.74 acre lot, 3-car garage.

Based on the review of the recent sales in comparison to the subject property, I would suggest a sale price of \$1,100,000.

Please do not hesitate to call me with any questions or if you need any further information.

This appraisal report is subject to the following scope of work, intended use, intended user, definition of market value, statement of assumptions and limiting conditions, and certifications. Modifications, additions, or deletions to the intended user, intended user, definition of market value, or assumptions and limiting conditions are not permitted. The appraiser may expand the scope of work to include any additional research or analysis necessary based on the complexity of this appraisal assignment. Modifications or deletions to the certifications are also not permitted. However, additional certifications that do not constitute material alterations to this appraisal report, such as those required by law or those related to the appraiser's continuing education or membership in an appraisal organization, are permitted.

SCOPE OF WORK: The scope of work for this appraisal is defined by the complexity of this appraisal assignment and the reporting requirements of this appraisal report form, including the following definition of market value, statement of assumptions and limiting conditions, and certifications. The appraiser must, at a minimum: (1) perform a complete visual inspection of the interior and exterior areas of the subject property, (2) inspect the neighborhood, (3) inspect each of the comparable sales from at least the street, (4) research, verify, and analyze data from reliable public and/or private sources, and (5) report his or her analysis, opinions, and conclusions in this appraisal report.

INTENDED USE: The intended use of this appraisal report is for the lender/client to evaluate the property that is the subject of this appraisal for a mortgage finance transaction.

INTENDED USER: The intended user of this appraisal report is the lender/client

DEFINITION OF MARKET VALUE:

The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller, each acting prudently, knowledgeably and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby: (1) buyer and seller are typically motivated; (2) both parties are well informed or well advised, and each acting in what he or she considers his or her own best interest; (3) a reasonable time is allowed for exposure in the open market; (4) payment is made in terms of cash in U. S. dollars or in terms of financial arrangements comparable thereto; and (5) the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions* granted by anyone associated with the sale.

*Adjustments to the comparables must be made for special or creative financing or sales concessions. No adjustments are necessary for those costs which are normally paid by sellers as a result of tradition or law in a market area; these costs are readily identifiable since the seller pays these costs in virtually all sales transactions. Special or creative financing adjustments can be made to the comparable property by comparisons to financing terms offered by a third party institutional lender that is not already involved in the property or transaction. Any adjustment should not be calculated on a mechanical dollar for dollar cost of the financing or concessions but the dollar amount of any adjustment should approximate the market's reaction to the financing or concessions based on the appraiser's judgment.

STATEMENT OF ASSUMPTIONS AND LIMITING CONDITIONS: The appraiser's certification in this report is subject to the following assumptions and limiting conditions:

- 1. The appraiser will not be responsible for matters of a legal nature that affect either the property being appraised or the title to it, except for information that he or she became aware of during the research involved in performing this appraisal. The appraiser assumes that the title is good and marketable and will not render any opinions about the title.
- 2. The appraiser has provided a sketch in this appraisal report to show the approximate dimensions of the improvements. The sketch is included only to assist the reader in visualizing the property and understanding the appraiser's determination of its size.
- 3. The appraiser has examined the available flood maps that are provided by the Federal Emergency Management Agency (or other data sources) and has noted in this appraisal report whether any portion of the subject site is located in an identified Special Flood Hazard Area. Because the appraiser is not a surveyor, he or she makes no guarantees, express or implied.
- 4. The appraiser will not give testimony or appear in court because he or she made an appraisal of the property in question, unless specific arrangements to do so have been made beforehand, or as otherwise required by law.
- 5. The appraiser has noted in this appraisal report any adverse conditions (such as needed repairs, deterioration, the presence of hazardous wastes, toxic substances, etc.) observed during the inspection of the subject property or that he or she became aware of during the research involved in performing the appraisal. Unless otherwise stated in this appraisal report, the appraiser has no knowledge of any hidden or unapparent physical deficiencies or adverse conditions of the property (such as, but not limited to, needed repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) that would make the property less valuable, and has assumed that there are no such conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. Because the appraiser is not an expert in the field of environmental hazards, this appraisal report must not be considered as an environmental assessment of the property.
- 6. The appraiser has based his or her appraisal report and valuation conclusion for an appraisal that is subject to satisfactory completion, repairs, or alterations on the assumption that the completion, repairs, or alterations of the subject property will be performed in a professional manner.

The scope of this appraisal is to analyze market conditions as of the effective date of the appraisal and consider all approaches to value in order to give an opinion of the subject market value, as defined, for its Highest and Best Use.

Marshall & Swift Service and Local Builders have supplied cost and depreciation data. Site improvements include impact fees and utilities.

All comparable sales are the best researched closed sales in and around the neighborhood that adequately depict the Opinion of Market Value for the subject property.

Every effort has been made to conform to VA/FNMA and FHLMC guidelines; and in most cases, an even greater interpretation found common to most investors in the secondary market has been implemented within this report.

I further certify that this appraisal has been prepared in accordance with the current standards and reporting requirement of Fannie Mae and Freddie Mac.

The appraiser has conducted an inspection of the obvious visible components of the subject property. No attempt to certify the condition of plumbing, electrical, HVAC, roof or other structural components has been made except for those items obvious enough to effect value or marketability.

Environmental Disclaimer: The value opinion given in this report is based on the assumption that the property is not negatively affected by the existence of hazardous substances or detrimental environmental conditions. The appraiser's routine inspection of and inquiries about the subject property did not develop environmental conditions, which would affect the property negatively. It is possible that tests and inspections made by a qualified hazardous substance and environmental expert would reveal the existence of hazardous materials and environmental conditions on or around the property that would negatively affect its value.

Since the flood maps published by the National Flood Insurance Program are vague and poorly defined in some areas, the appraiser has used his/ her best judgment as to the subject property both by visual inspection and plotting on the map. In the absence of a survey, the appraiser assumes no responsibility for the flood zone classification.

If the subject property is not connected to a public sewer system and water supply, the appraiser makes no warranty or representation as to the adequacy or quality of the sanitary disposal system, well and well water.

Additional Certification: The appraiser further certified and agrees that:

- This appraisal conforms to the Uniform Standards of Professional Appraisal Practice (USPAP) adopted by the Appraisal Standards Board of the Appraisal Foundation, except that the Departure Provision of the USPAP does not apply.
- Their compensation is not contingent upon the reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value estimate, the attainment of a stipulated result, or the occurrence of a subsequent event.
- 3. The appraisal assignment was not based on a requested valuation, a specific valuation, or the approval of a loan.

The reports are known as an Appraisal Report prepared under Standard Rules 2-2 (a) as to appraisals performed under Standards I and 2. Additional data for this report is retained in the appraiser workfile and may be available upon request.

Digital signatures are produced by the originator and are password protected and cannot be tampered or altered. Original signatures may be specifically requested.

The appraiser(s) that have compiled and completed this appraisal report are not considered to be home inspectors. The deferred maintenance or needed repairs applied in this appraisal (if any), are items that were physically apparent and noted at time of inspection. The items that were noted were considered by the appraiser to have an influence on the marketability of the subject. If the appraiser has any indication that there may be structural or other deficiencies of the subject property, a condition will be made of the appraisal that the property is subject to an inspection by a licensed professional who is an expert in the field of the suspected deficiency.

The reported analyses, opinions and conclusions were developed, and this report has been prepared, in conformity with the requirements of the Appraisal Institute's Code of Professional Ethics and Standards of Professional Appraisal Practice, which include the Uniform Standards of Professional Appraisal Practice.

"This appraisal report adheres to the development and reporting options of The Uniform Standards of Professional Appraisal Practice (USPAP), FIRREA Title XI Appraisal Independence Standards Set forth by H.R.4173."

Condition Ratings and Definitions

C1

The improvements have been recently constructed and have not been previously occupied. The entire structure and all components are new and the dwelling features no physical depreciation.

Note: Newly constructed improvements that feature recycled or previously used materials and/or components can be considered new dwellings provided that the dwelling is placed on a 100 percent new foundation and the recycled materials and the recycled components have been rehabilitated/remanufactured into like-new condition. Improvements that have not been previously occupied are not considered "new" if they have any significant physical depreciation (that is, newly constructed dwellings that have been vacant for an extended period of time without adequate maintenance or upkeep).

The improvements feature no deferred maintenance, little or no physical depreciation, and require no repairs. Virtually all building components are new or have been recently repaired, refinished, or rehabilitated. All outdated components and finishes have been updated and/or replaced with components that meet current standards. Dwellings in this category are either almost new or have been recently completely renovated and are similar in condition to new construction.

Note: The improvements represent a relatively new property that is well maintained with no deferred maintenance and little or no physical depreciation, or an older property that has been recently completely renovated.

The improvements are well maintained and feature limited physical depreciation due to normal wear and tear. Some components, but not every major building component, may be updated or recently rehabilitated. The structure has been well maintained.

Note: The improvement is in its first-cycle of replacing short-lived building components (appliances, floor coverings, HVAC, etc.) and is being well maintained. Its estimated effective age is less than its actual age. It also may reflect a property in which the majority of short-lived building components have been replaced but not to the level of a complete renovation.

The improvements feature some minor deferred maintenance and physical deterioration due to normal wear and tear. The dwelling has been ad equately maintained and requires only minimal repairs to building components/mechanical systems and cosmetic repairs. All major building components have been adequately maintained and are functionally adequate.

Note: The estimated effective age may be close to or equal to its actual age. It reflects a property in which some of the short-lived building components have been replaced, and some short-lived building components are at or near the end of their physical life expectancy; however, they still function adequately. Most minor repairs have been addressed on an ongoing basis resulting in an adequately maintained property.

The improvements feature obvious deferred maintenance and are in need of some significant repairs. Some building components need repairs. rehabilitation, or updating. The functional utility and overall livability is somewhat diminished due to condition, but the dwelling remains useable and functional as a residence.

Note: Some significant repairs are needed to the improvements due to the lack of adequate maintenance. It reflects a property in which many of its short-lived building components are at the end of or have exceeded their physical life expectancy but remain functional.

C6

The improvements have substantial damage or deferred maintenance with deficiencies or defects that are severe enough to affect the safety, soundness, or structural integrity of the improvements. The improvements are in need of substantial repairs and rehabilitation, including many or most major components.

Note: Substantial repairs are needed to the improvements due to the lack of adequate maintenance or property damage. It reflects a property with conditions severe enough to affect the safety, soundness, or structural integrity of the improvements.

Quality Batings and Definitions

Dwellings with this quality rating are usually unique structures that are individually designed by an architect for a specified user. Such residences typically are constructed from detailed architectural plans and specifications and feature an exceptionally high level of workmanship and exceptionally high-grade materials throughout the interior and exterior of the structure. The design features exceptionally high-guality exterior refinements and ornamentation, and exceptionally high-quality interior refinements. The workmanship, materials, and finishes throughout the dwelling are of exceptionally high quality.

Dwellings with this quality rating are often custom designed for construction on an individual property owner's site. However, dwellings in this quality grade are also found in high-quality tract developments featuring residence constructed from individual plans or from highly modified or upgraded plans. The design features detailed, high quality exterior ornamentation, high-quality interior refinements, and detail. The workmanship, materials, and finishes throughout the dwelling are generally of high or very high quality.

Quality Ratings and Definitions (continued)

03

Dwellings with this quality rating are residences of higher quality built from individual or readily available designer plans in above-standard residential tract developments or on an individual property owner's site. The design includes significant exterior ornamentation and interiors that are well finished. The workmanship exceeds acceptable standards and many materials and finishes throughout the dwelling have been upgraded from "stock" standards.

Q4

Dwellings with this quality rating meet or exceed the requirements of applicable building codes. Standard or modified standard building plans are utilized and the design includes adequate fenestration and some exterior ornamentation and interior refinements. Materials, workmanship, finish, and equipment are of stock or builder grade and may feature some upgrades.

05

Dwellings with this quality rating feature economy of construction and basic functionality as main considerations. Such dwellings feature a plain design using readily available or basic floor plans featuring minimal fenestration and basic finishes with minimal exterior ornamentation and limited interior detail. These dwellings meet minimum building codes and are constructed with inexpensive, stock materials with limited refinements and upgrades.

Qŧ

Dwellings with this quality rating are of basic quality and lower cost; some may not be suitable for year-round occupancy. Such dwellings are often built with simple plans or without plans, often utilizing the lowest quality building materials. Such dwellings are often built or expanded by persons who are professionally unskilled or possess only minimal construction skills. Electrical, plumbing, and other mechanical systems and equipment may be minimal or non-existent. Older dwellings may feature one or more substandard or non-conforming additions to the original structure

Definitions of Not Updated, Updated, and Remodeled

Not Updated

Little or no updating or modernization. This description includes, but is not limited to, new homes.

Residential properties of fifteen years of age or less often reflect an original condition with no updating, if no major components have been replaced or updated. Those over fifteen years of age are also considered not updated if the appliances, fixtures, and finishes are predominantly dated. An area that is 'Not Updated' may still be well maintained and fully functional, and this rating does not necessarily imply deferred maintenance or physical/functional deterioration.

Updated

The area of the home has been modified to meet current market expectations. These modifications are limited in terms of both scope and cost.

An updated area of the home should have an improved look and feel, or functional utility. Changes that constitute updates include refurbishment and/or replacing components to meet existing market expectations. Updates do not include significant afterations to the existing structure.

Remodeled

Significant finish and/or structural changes have been made that increase utility and appeal through complete replacement and/or expansion.

A remodeled area reflects fundamental changes that include multiple alterations. These alterations may include some or all of the following: replacement of a major component (cabinet(s), bathtub, or bathroom tile), relocation of plumbing/gas fixtures/appliances, significant structural alterations (relocating walls, and/or the addition of) square footage). This would include a complete gutting and rebuild.

Explanation of Bathroom Count

Three-quarter baths are counted as a full bath in all cases. Quarter baths (baths that feature only a toilet) are not included in the bathroom count. The number of full and half baths is reported by separating the two values using a period, where the full bath count is represented to the left of the period and the half bath count is represented to the right of the period.

Example:

3.2 indicates three full baths and two half baths.
