OASIS VICTIM RESPONSE

July 23, 2020

Civil Action

Case #: 8:20-cv-00862-VMC-TGW

To Whom It May Concern,

I, Betsy J. Doolin, am contesting this summons. I have no knowledge of or have been presented with documentation to support the Receiver's complaint that my involvement with Oasis International Group was in anyway fraudulent.

As stated in the complaint itself, Oasis International Group, was introduced to me as a legitimate profitable business entity. The complaint further states that I, and the other non-Insider defendants are *victims*.

I invested funds in a business venture, in which I was (now I know) fraudulently assured I would receive a fair return of my money (in the least), plus legitimate gains based on trading that the Insiders would make. I had NO KNOWLEDGE that this was or was going to turn into a Ponzi scheme or fraud. I entered with clean hands and came out with clean hands thus, there's no valid basis for holding me (or the multitude of innocent others) responsible for the action of criminals.

As cited by legal statute: "A transfer or obligation is not voidable under s. 726.105(1) (a) against a person who took in good faith and for a reasonably equivalent value or against any subsequent transferee or obligee." What is the 'well-established' law that the Plaintiff is referring to?

I invested in good faith and received payment in good faith.

In conclusion, I deny **the allegations of the complaint in their entirety as they pertain to me. Thus, I request dismissal of this case against me.**

Sincerely,

Betsy Doolin
