The second mediation that was scheduled for March 30, 2021 I wasn't aware of until I got back to North Carolina and received my mail. I was ready for the original mediation date of February 12th and I was available at that time.

My Father passed away on March 8th, 2021 and I was spending time with him prior and then after he passed with my Mother who recently had a stroke. I did reach out to Mr. John Waechter of Englander Fischer and let him know of my Dad's passing.

I apologize missing the date but it was unintended. I would like to continue acting Pro Se and reschedule the mediation. I still have a lot of questions and since this was more than ten years ago for me it's been difficult putting the pieces together.

Sincerely,

David Wilkerson
