MICHAEL DACORTA'S MOTION TO REQUEST TO BE REMANDED BACK
TO COLEMAN CORRECTIONAL FACILITY AND THAT HE APPEAR AT
THE AUGUST HEARING EITHER TELEPHONICALLY OR VIA VIDEO

On June 10, 2026, this Court issued an Order for a Writ of Habeas Corpus ad Testificandum, ordering that the U.S. Marshal Service produce Michael DaCorta from the FCI Coleman Low prison to the Courthouse for the order to show cause hearing on July 15, 2026. Pursuant to that Order, Mr. DaCorta was produced by the U.S. Marshal and is being held in a local facility in the Tampa, Florida area.

Because the hearing has been continued until August 7, 2026, Mr. DaCorta requests that this Court issue an order remanding him to the FCI Coleman Law Facility for several reasons. First, the local prison does not have the appropriate medical facilities and Mr. DaCorta has not been given his blood pressure medication that was regularly dispensed to him at FCI Coleman Low. It is feared that an extended time without this medication could create a danger to his health. Untreated

high blood pressure is one of the leading causes of death in the United States, and Mr. DaCorta suffers from very high blood pressure. The hearing is not for another three weeks and going that long without the necessary blood pressure medication could present a very dangerous health concern for Mr. DaCorta.

Second, it is believed that Mr. DaCorta is being held in a maximum security facility where the conditions are not optimal as he is being held in a facility with physically violent criminals. This has increased the amount of stress he is under and contributes greatly to his high blood pressure condition. Again, creating a potentially very dangerous health concern for Mr. DaCorta.

Third, the jail where he is now does not have proper communication facilities and it is difficult and almost impossible to communicate with him to prepare for the upcoming hearing. As the issues that will be discussed at this hearing are very important, it is necessary to communicate and prepare for the hearing. The inability to communicate with Mr. DaCorta greatly impairs his ability to present a defense and prepare.

For all of the above reasons, it is requested that this Court issue an Order remanding him back to the FCI Coleman Low facility where he can regularly receive the necessary medications for his high blood pressure and communicate with his attorney.

It is further requested that because of the inability of the local jail to supply him with necessary medications that he be permitted to appear at the August 7th hearing either by phone or via video.
